Notice is hereby given that sealed bids will be received at the office of the Town Clerk, 110 West Main St, Calera, OK 74730 for furnishing all tools, material and labor, and performing the work necessary to be done in the construction of the following:

□ **Base Bid Asphalt Street Overlay** – Approximately 1844' linear feet of 2" asphalt overlay (after compaction), nominally 22 feet in width, manhole risers and water valves to finished grade; All Asphalt Streets must be compliant with the Town of Calera and ODOT Specs.

□ **Add Alternate Asphalt Street Overlay** – Approximately 1056' linear feet of 2" asphalt overlay (after compaction), nominally 22 feet in width, manhole risers and water valves to finished grade; All Asphalt Streets must be compliant with the Town of Calera and ODOT Specs.

All bids will be opened and considered by the Town at a meeting to be held in the Town Hall, located at 110 West Main, Calera, Oklahoma 74730, at **10:00 a.m. on October 8th, 2026**. The bid shall be accompanied by a certified check, cashier's check or bid bond equal to five percent (5%) of the bid, which shall be deposited with the awarding public agency as a guaranty.

The Town of Calera reserves the right to accept all items for completion, select and split items depending upon cost, or reject all bids.

For any information or questions about this project call Town Hall 580-434-5420 or Street Director Jason Boone 580-367-5509 or email streets@caleraok.org.

NOTICE TO BIDDERS

SEALED BIDS FOR: 2026 STREET OVERLAY PROJECT

Notice is hereby given that sealed bids will be received at the office of the Town Clerk, 110 West Main St, Calera, OK 74730 for furnishing all tools, material and labor, and performing the work necessary to be done in the construction of the following:

☐ **Base Bid Asphalt Street Overlay** – Approximately 1844' linear feet of 2" asphalt overlay (after compaction), nominally 22 feet in width, manhole risers and water valves to finished grade; All Asphalt Streets must be compliant with the Town of Calera and ODOT Specs.

☐ **Add Alternate Asphalt Street Overlay** – Approximately 1056' linear feet of 2" asphalt overlay (after compaction), nominally 22 feet in width, manhole risers and water valves to finished grade; All Asphalt Streets must be compliant with the Town of Calera and ODOT Specs.

The work shall be completed within ninety (90) calendar days after the authorized starting date. Liquidated damages are established at \$1,000.00 per day.

All bids will be opened and considered by the Town at a meeting to be held in the Town Hall, located at 110 West Main, Calera, Oklahoma 74730, at **10:00 a.m. on October 8th, 2026**. The bid shall be accompanied by a certified check, cashier's check or bid bond equal to five percent (5%) of the bid, which shall be deposited with the awarding public agency as a guaranty. The Town of Calera reserves the right to accept all items for completion, select and split items depending upon cost, or reject all bids.

The following bonds will be required from the Contractor:

☐ Insurance Requirements:

Commercial General Liability \$1,000,000 Per Occurrence/ \$2,000,000 General Aggregate

Business Auto Liability \$1,000,000

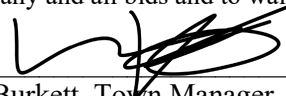

Workers Compensation \$500,000

☐ Performance bond to the Full Amount of the Contract Price.

☐ Statutory Public Works Bond for payment of all labor and materials used in the construction of such improvements in the Full Amount of the Contract Price.

☐ One (1) year Maintenance Bond to the Full Amount of the Contract Price.

The bidder (Proposer) must supply all the information required by the bid on proposal form including completion of the Bidders Certifications and affidavits or his bid will be considered incomplete and therefore rejected. Bidders must satisfy themselves of the accuracy of the estimated quantities in the bid schedule by examination of the sites. After bids have been submitted, the bidder shall not assert that there was a misunderstanding concerning the quantities of work or of the nature of the work to be completed. Information obtained from an officer, agent, or employee of the Town of Calera or any other person shall not affect the risks or obligations assumed by the contractor or relieve him from fulfilling any of the conditions or the contract. The Town of Calera reserves the right to reject any and all bids and to waive informalities in any bid.

INSTRUCTION TO BIDDERS

Bids:

Each bid shall be printed in ink or typewritten on the form provided in the copy of proposed contract documents. The written words shall govern over the figures if there is a difference between the two. No alterations, additions, or erasures shall be made on the Proposal Form. Erroneous entries shall be lined out, initialed by the bidder, and the correct entry inserted. The unit price bid must cover all expenses for furnishing the labor, materials, tools, equipment and furnish all work required by and in conformance with the specifications.

Each bid shall be enclosed in a sealed envelope addressed to the Town of Calera, Attn: Darryl Burkett, Town Manager, 110 West Main St , Calera, Oklahoma, 74730 and identified on the outside with the words:

“2026 CALERA STREET OVERLAY PROJECT”

and filed with the Town Hall Office located at 110 West Main St, Calera, Oklahoma, 74730.

All addenda to the contract documents, properly signed by the bidder shall accompany the bid when submitted.

Contractor will be provided with a letter authorizing purchases related to this contract to be tax exempt.

For any information or questions about this project call Town Hall 580-434-5420 or Street Director Jason Boone 580-367-5509.

SPECIFICATIONS

General:

The Oklahoma Department of Transportation Standard Specification for Highway Construction, most recent approved addition and supplements shall be used on this project with exceptions as noted in Special Provisions.

Project Description:

The base shall be a minimum of six (6") inches of base rock (after compaction) on streets needing base or base repairs. Milling and level patch as required to achieve a strong base.

The material for base and base repairs shall be ODOT type A material.

The bid shall be for street overlay with a minimum three (2") inches of asphalt (after compaction) to a uniform width of the existing roadway.

Centerline striping, sideline striping and crosswalks striping to be included where applicable. The overlay shall be Type "B" asphalt as defined in the referenced ODOT Specifications.

A tack coat shall be applied to the overlay area. The tack coat shall provide full coverage with no gaps and shall be properly cured before laying the asphalt overlay.

The finished overlay shall be of uniform grade and cross slope to prevent water hold depressions. In the event depressions develop, these areas shall be tack coated and a leveling course applied and rolled to specifications.

Overlay areas shall match all existing driveway grades. All approach aprons shall be overlaid as needed. Radius should meet minimum of 15' or as specified by Streets Director.

Roadways along schools shall be overlaid during the school summer break or on weekends in order to not disrupt normal traffic flows in the area.

Manholes and valve risers are to be brought to finish grade using riser extensions approved by the .

No manholes or valves are to be paved over. Any manhole or valve found to be paved over will be uncovered, raised and the area around the manhole / riser will be repaved at the contractor's expense.

The material for base and base repairs shall be ODOT type A material

The base shall be a minimum of six (6") inches of base rock(after compaction) on streets needing base or base repairs.

| ☐ West McCurtain from Service Rd to North McKinley | 580' 22' |
| ☐ North First Street from West Smiser to West McCurtain | 476' 22' |

Testing:

The contractor, if requested by the Town, provide for density and thickness testing of the sub-base, overlay and new pavement sections. One density and thickness test per block shall be provided. The testing shall be done by a laboratory acceptable to the Town. The test results shall be submitted directly from the laboratory to the Town.

Cleanup:

At the completion of the work, the contractor shall clean up all areas of the work, remove all excess material and dress the areas as needed and approved by the Town.
